

Cyber Shujaa

Cloud Security Specialist

Assignment 1: SC-900 Learning Path

NAME: Nicholas Tanui

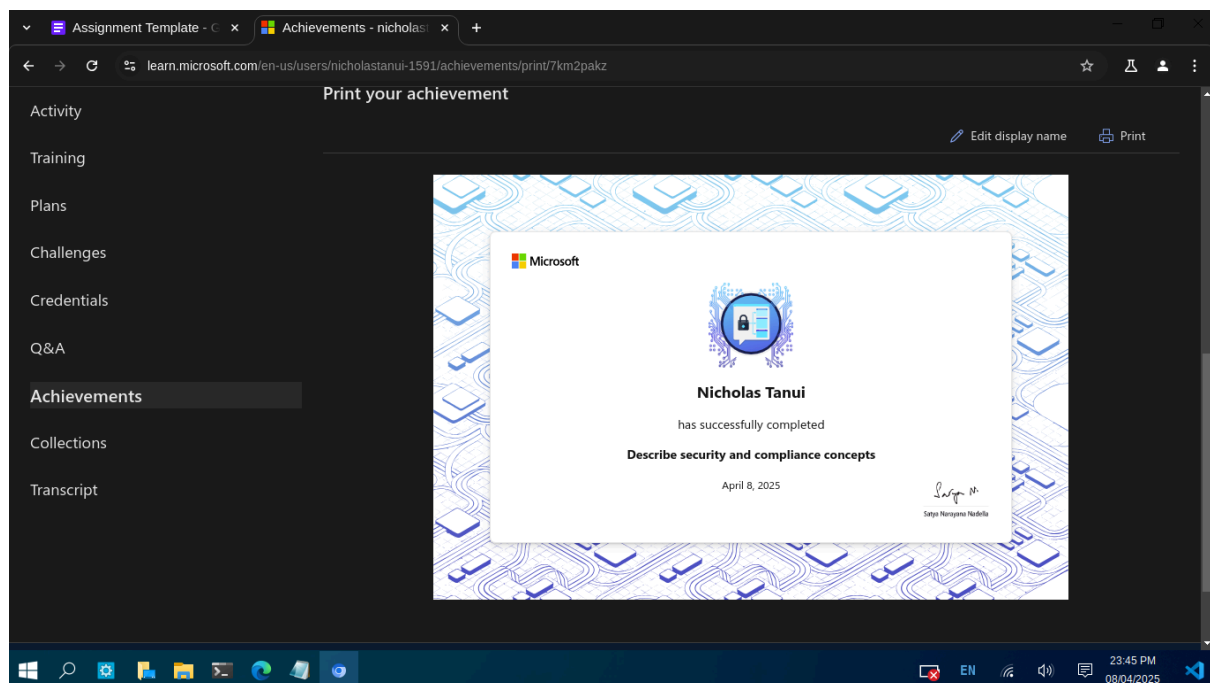

CS NO:adc-css02-25045

Introduction

The progress and completion of the first week's work for the course SC-900: Microsoft Security, Compliance, and Identity Fundamentals are described in this report. The goal of the learning path, which is accessible through the Microsoft Learn Portal, is to develop a fundamental understanding of the fundamental security, compliance, and identity (SCI) concepts and services that are part of the Microsoft ecosystem.

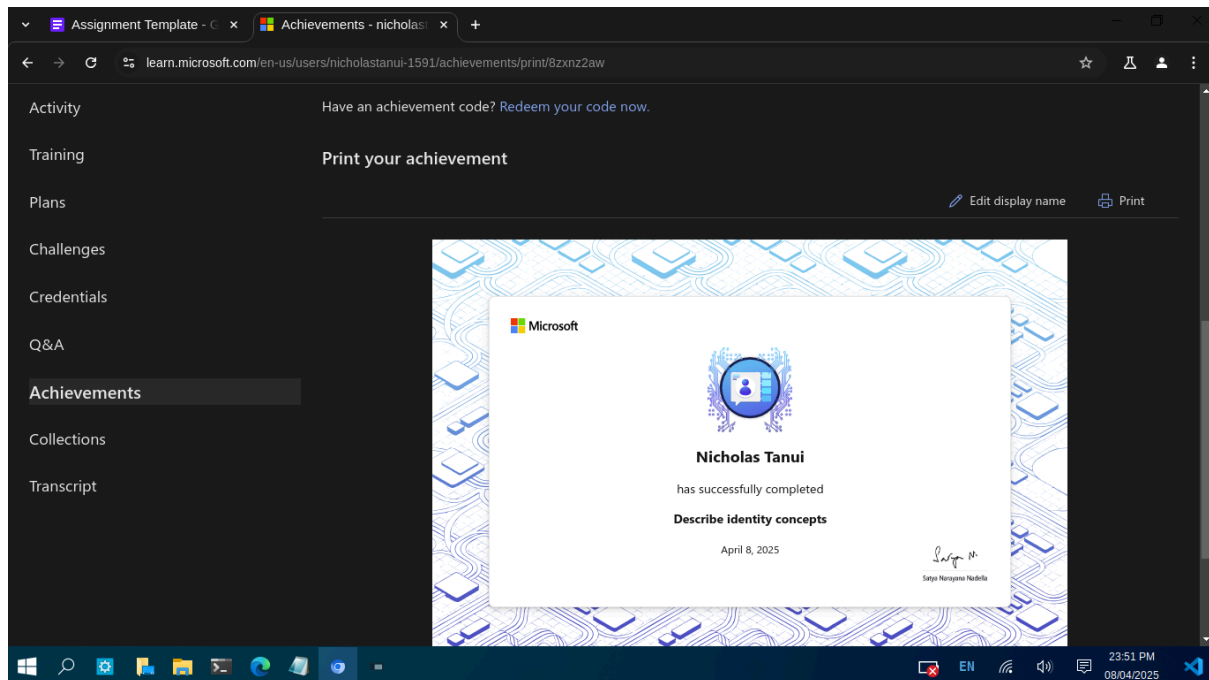

Essential subjects including identity fundamentals, security and compliance ideas, and the specific aspects of Microsoft Entra ID, such as authentication, access management, identity protection, and governance capabilities, are covered in the modules finished for this assignment.

Module 1: Describe Security and Compliance Concepts

Module 2: Describe identity concepts

The screenshot shows a web browser window with the URL learn.microsoft.com/en-us/users/nicholastanui-1591/achievements/print/8zxnz2aw. The page displays a Microsoft achievement card for Nicholas Tanui, who has successfully completed the course 'Describe identity concepts' on April 8, 2025. The card features the Microsoft logo, a blue circular icon with a person and a gear, and the text 'Nicholas Tanui has successfully completed Describe identity concepts April 8, 2025'. The background of the card is a light blue pattern of circuitry. The browser's taskbar at the bottom shows the Windows logo, search bar, and various application icons, along with the system clock indicating 23:51 PM on 08/04/2025.

Module 4: Describe the authentication capabilities of Microsoft Entra ID

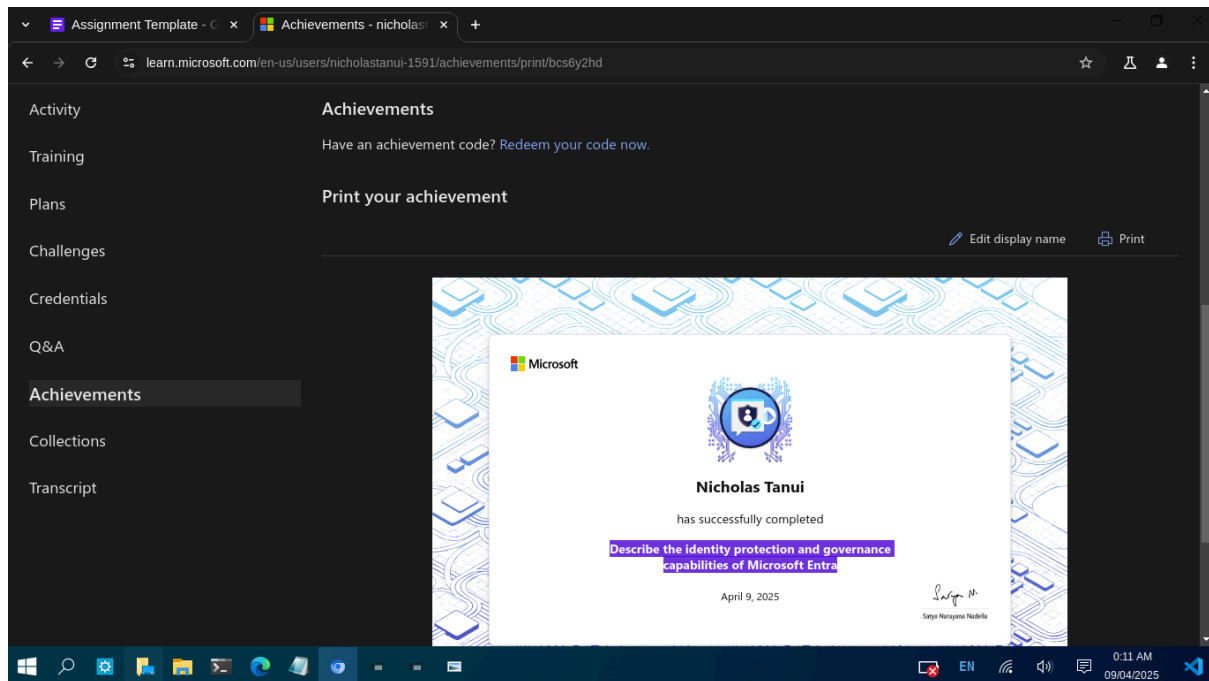

<https://learn.microsoft.com/api/achievements/share/en-us/NicholasTanui-1591/K6TGUM4B?sharingId=20DE335D481C800E>

Module 5: Describe access management capabilities of Microsoft Entra

<https://learn.microsoft.com/api/achievements/share/en-us/NicholasTanui-1591/H7FAP748?sharingId=20DE335D481C800E>

Module 6: Describe the identity protection and governance capabilities of Microsoft Entra

<https://learn.microsoft.com/api/achievements/share/en-us/NicholasTanui-1591/BCS6Y2HD?sharingId=20DE335D481C800E>

Conclusion

After completing the SC-900 study route, I gained important knowledge about Microsoft's identity, security, and compliance products. My knowledge of Microsoft Entra ID and its features for identity protection, access control, and authentication was improved by the modules. Pursuing additional certification and positions in cloud security requires this foundation.
